

DID YOU KNOW?

- ◇ **One in every four women** will experience domestic violence in her lifetime.¹ **One in 33 men** have experienced an attempted or completed rape.²
- ◇ An estimated **1.3 million women** are victims of physical assault by an intimate partner each year.³
- ◇ The majority (73%) of family violence victims are female. Females were 84% of spousal abuse victims and 86% of abuse victims at the hands of a boyfriend.⁴
- ◇ The cost of intimate partner violence exceeds \$5.8 billion each year, \$4.1 billion of which is for direct medical and mental health services.⁵
- ◇ Boys who witness domestic violence are **twice as likely** to abuse their own partners and children when they become adults.⁶

CHALLENGES⁷

- Minnesota's largest state funding source for domestic violence victim services decreased from \$18.4 million in 2004 to \$15.4 million in 2005.
 - ◇ Funding cuts have left shelter programs with less staff which means less personal time and attention is available to help victims.
- Although transitional and long-term supportive housing is key to providing safety and stability for a victim of domestic violence, it is becoming increasingly difficult to find stable and affordable low-income housing in Minnesota. This leads to longer stays in shelters and fewer openings for women seeking shelter.

STATEMENTS FROM SERVICE PROVIDERS

"Between July 2006 and June 2007, we had to turn away 401 women from our shelter and have referred 592 to other area shelters due to lack of capacity."

- Executive Director, Women's Advocates, Inc.

"Recognizing that there can never be enough emergency services if we also are not working to change the societal values and institutions that support the violence, advocates have begun to re-examine and embrace activism and social change as central tenets to the work."

-Executive Director, MCBW

DOMESTIC VIOLENCE AND SEXUAL ASSAULT IN MINNESOTA

- There were 12,067 filings for orders of protection filings in Minnesota in 2006.⁸

NATIONAL COALITION AGAINST DOMESTIC VIOLENCE

Every Home A Safe Home

The Public Policy Office of the National Coalition Against Domestic Violence

(NCADV) is a national leader in the effort to create and influence Federal legislation that positively affects the lives of domestic violence victims and children. We work closely with advocates at the local, state and national level to identify the issues facing domestic violence victims, their children and the people who serve them and to develop a legislative agenda to address these issues. NCADV welcomes you to join us in our effort to end domestic violence.
